WHY CONSERVATIVES MUST SUPPORT PRESIDENT TRUMP'S ATTACK ON IRAN

Iran has been the chief sponsor of global terror for the past 47 years. Iran now wants hegemony which would threaten constant war in the region. Only replacement of Iran's corrupt regime will bring peace to the Middle East and an end to Iran's constant threat to the U.S.

THE TRUMP SOLUTION

- 1) President Trump is trying to eliminate Iran's global and U.S. threat.
- 2) Per Article 2 of our Constitution President Trump may implement deadly force without the approval of Congress. Post 9/11, Congress authorized the President to use all necessary force against any nation that promises or harbors acts of international terrorism. The Ayatollah promised to blow up U.S. ships. President Trump has the authority to use deadly force; so he did. President Trump requires the approval of Congress only if he wants to declare war. President Trump does not need the approval of Congress to implement deadly force.
- 3) In an effort to support the Iranian people, President Trump is executing surgical strikes to cripple the Iranian military as he is utilizing Iranian television to call for the Iranian people to overthrow their corrupt regime.
- 4) President Trump is eliminating Iran's path to nuclear weapons.
- 5) Utilizing the Bessent Plan, President Trump is trying to cripple Iran's economy by destroying their currency in order to thwart Iran's global terror threat.
- 6) President Trump also is cutting off Iranian terrorist cell funding both in the U.S. and globally.
- 7) President Trump is conducting operations with Israel to further the U.S. effort.
- 8) President Trump is ensuring U.S. leverage over Iran by securing Iranian oil shipments a la Venezuela. This move will ensure his having tremendous leverage over China in the upcoming Trump-Xi talks because the U.S. will control China's much needed access to Iranian oil.
- 9) President Trump is attempting to impoverish the Ayatollah and the mullahs via all of the above stated means.

CONTRAST THE PAST DEMOCRAT (DEM) "SOLUTION"

- 1) DEMS ignored all Iranian attacks on the United States.
- 2) DEMS failed to support the Iranian people in an effort to replace their corrupt regime.
- 3) DEMS gave billions of U.S. dollars to the mullahs which then enabled not only their global terrorist threat but also furthered the global terrorist threats posed by their proxies, e.g. Hezbollah and Hamas.
- 4) Dems allowed countless unvetted Iranians to pour over our borders and into our country where they were free to develop terrorist cells

Issue1 (2MAR2026)

- 5) DEMS supported Iran over Israel.
- 6) DEMS agreed to merely limit Iran's nuclear weapon development thereby eradicating all U.S. leverage over Iran.
- 7) DEMS enabled China to obtain 40% of its much needed oil from Iran.
- 8) DEMS afforded the mullahs 90% of thier wealth as a result of their selling Iranian oil to China.

You can see by the contrasting points stated above, the constant chaotic crisis in which the former Obama and Biden administrations have left our country. President Trump is not only trying to correct these many problems, but is succeeding.

But President Trump needs our support. Unless we, as a nation, want to return to the dark days of DEM rule, we all MUST turn out and vote in the midterms and vote a straight GOP ticket to protect his presidency. We must ensure voter turnout for the 2026 midterms makes these elections TOO BIG TO RIG BY THE DEMS!
