DANGEROUS DIFFERENCES BETWEEN ISLAM AND THE JUDEO-CHRISTIAN WEST

After nearly four decades of moderate progress in the U.S., the Muslim Brotherhood, in 1989, announced its more aggressive 30-year, five stage plan to takeover America from within. This plan mandated infiltration of important American institutions: academia, media, business, the law profession and the U.S. government itself. Now, 25 years later, New York City has a radical Jihadist/Marxist mayor. Prayer rugs are scattered all over Gracie Mansion and City Hall as well as in the fire departments from which firemen had rushed to save people trapped in their city's tumbling Twin Towers in the aftermath of jihadist attack.

Muslim culture, religion and ideology run counter to those of the Muslims' Judeo-Christian host countries of Western Civilization. The Judeo-Christian societies of the West revolve around the ideology of human rights which are anchored in the Bible. The Bible ties human rights to Imago Dei, the Image of God, and asserts that regardless of social status, all people have an inherent dignity. The Bible further stresses the obligations to love your neighbor, seek justice and to protect the weak among you. The Bible states these obligations, tied to the core principles of life, compassion and equality, outweigh the individuals' right to demand.

This ideology/concept of human rights does not exist in Islam. There is no such thing. Hard faith Muslims do not assimilate into their host countries' Western cultures because to do so would be to become an infidel. So even within their Western host countries, Muslims cling to the harsh and even barbaric mandates of sharia. Examples: A woman who shows her hair in public will have her eye put out or will be shot in the head. There is no such restriction or punishment under sharia for a man. Under sharia, the woman always has more restrictions with greater severity of punishment than the man does. Adultery is punishable by stoning to death. When sentence is executed, the woman is buried up to her neck prior to stoning commencing. The man is buried just below his waist and is told if he can escape, he is free to live his life. Muslims, furthermore, live clustered in areas densely populated solely by Muslims who adhere to sharia. These areas quickly become no go zones where even local law enforcement does not venture to enter.

The Muslims' allegiance, moreover, is solely to the global ummah. Ummah is Arabic for "nation" or "community" and was created by Mohammed. The global ummah refers to the collective or whole community of global Muslims who are bound by their shared faith. This distinction is important to understand. Muslims are not aligned with any country or race. The Muslims' only allegiance is to this "faith." The ummah, furthermore, promises all Muslims in the global ummah practicing jihad against the infidels, will become closer to Allah and will enjoy a divine bond with him. So the goal of the ummah is to convert the world, i.e. make the world submit to Islam. Islamism is the radical element of Islam. To that point, the Ayatollah brazenly told President Trump that in ten days Iran would have the nuclear power to destroy the U.S. and that he, the Ayatollah, intended to carry out that act. So President Trump struck first.

This promise of a divine link with Allah makes Muslims both fanatically passionate about waging jihad and totally without fear of death. Christianity - the base religion of the U.S. and the West - does not instill that kind of passion and blind courage. This notable difference makes Christian Nationals more vulnerable to Islamic take over, especially when so many have been beaten down by "woke" ideology which causes them to be fearful of being labeled a racist or an Islamophobia.

Christian Nationals' greatest vulnerability regarding Islamic take over, however, lies in their unwillingness to accept this jihad, this war, that Muslims started waging against Western Civilization in the 700's, is real, is ongoing and is advancing right now. The Muslim goal is to have Islam rule the globe and they intend to accomplish that goal. Just recently a high-ranking Imam in the U.S. proclaimed that Islam will enter every home in the U.S. unapologetically. Christian Nationals need to awaken, to face this harsh truth, and to act to ensure their countries' laws are respected and obeyed and judicially have punishment assigned and carried out when their laws are ignored and broken. This action must include immigration laws and election/voting laws.

ISLAM'S FIVE STAGE PLAN TO TAKE OVER AMERICA

In 2010 Dr. Peter Hammond did a statistical study on the correlation between Muslim to non-Muslim population ratios and how those ratios defined the transition from conciliatory Islam to fascist Islam. He concluded there are five stages to a Muslim siege.

While the components of the stages have remained constant since the time of Dr. Hammond's study, Muslim demographics and conversions have accelerated the pace at which these stages are occurring. Many European nations, as well as the U.S., consequently are moving more briskly than previously anticipated to the later stages of impact despite lower Muslim populations.

Below I've specified the five-stage plan for Muslim takeover. I've also delineated Islam's stark countermanding positions to principles in both our Declaration of Independence, (life, liberty, and the pursuit of happiness), and our Constitution, (the document that provides the legal construct to protect those rights), as well as to the Judeo-Christian West.

Stage 1: Establish a Beachhead, i.e., Begin Infiltration of the Host Country (Muslim population 2 of the general population in this stage)

- Due to Western Culture's intrusion into Middle East countries, Muslims who have migrated into Europe and the U.S. feel entitled to demand (as per the Quran's teaching the infidel owes the Muslim) that the infidel support them with "free" benefits.
- Muslims, although appearing initially to be conciliatory and deferential, still demand special treatment (foot bath facilities, prayer rugs in public schools, halal food in prisons and grocery stores and the removal/elimination of all things offensive to delicate Muslim sensibilities, such as walking dogs near mosques).

- Muslims present Islam as a peaceful religion and present themselves as victims of racism and misunderstanding.
- Muslims have large families because, as per their tribal roots, large numbers are a sign of strength.
- Muslims demand welfare, free medical services and Muslim only schools.

Nearly half the nations on earth already have experienced Stage 1.

Conversely, previous immigrants to this country were predominantly from Judo-Christian countries of Western Civilizations. Consequently, their values and behavior reflected tenets put forth in the Bible as previously outlined in paragraph two, page one. Previous immigrants came here to start a new and better life. They did not come here to invade and take over. Previous immigrants did not demand preferential treatment but instead sought to blend into and become part of our American culture while preserving their own ethnic traditions in their homes. Previous immigrants limited family size to their own affordability as they considered it shameful to require public assistance to support your family. Previous immigrants sought to enhance this country with their own unique contributions. They did not invade this country with the intention of overwhelming it, taking it over and wiping out all aspects of Western Civilization and all previously existing religions.

Stage 2: Establish Outposts or Consolidate Power (Muslims - 2%-5% of the general population in this stage)

- Now stronger in number, Muslims begin to proselytize other ethnic minorities and disaffected groups, recruiting in prisons and from street gangs.
- Muslims try to destroy evidence that reveals the true, violent history of Islam.
- Muslims demand employment, social services and sharia courts to accommodate their specific cultural needs.
- Muslims recruit allies in groups that may share their goals like communists - or from groups who sympathize with the Muslim cause - like Progressives.
- Muslims run for public office to influence government.
- Muslims push harder for sharia courts and halal food.
- Muslims undermine other religions in their host country and routinely purchase failing churches, schools, etc., to convert the buildings to mosques.

- Muslims clandestinely store and build weapons to use in future confrontations with law enforcement.

Previous immigrants from Judeo-Christian countries did not proselytize. They respected other people's religious beliefs. Their cultures did not require sanitizing for their new country's consumption. Previous immigrants initially congregated in their own ethnic neighborhoods for home base comfort. As they grew in number and advanced in education and financial growth, previous immigrants moved to more ethnically diverse neighborhoods. Even while in their own ethnic neighborhoods, previous immigrants started their own legitimate businesses. They did not demand their new country support them with employment or with any other special service. They did not send their children to schools that propagandized against America. They did not store weapons with the intention of taking over this country. Whereas second and third generation members from immigrant families did run for public office, it was not with the intention of taking over the country in the name of their home country's ideology.

Stage 3: Establish Sectional Control of Major Cities (Muslims - 5%-10% of the general population in this stage)

- Muslims increasingly murder both non-Muslims and moderate Muslims who do not support Islamization.

Again, this Muslim behavior and their goals are totally aberrant with respect to previous immigrants' behavior and goals. Muslim ideology, behavior and goals are diametrically opposed to the tenets of our republic and to mandated principles stated in the Bible.

Stage 5: Total Control, Totalitarian Islamic Theocracy (Muslims - 50%+ of the general population in this stage)

- A total change in the government system occurs and sharia law becomes the law of the land.
- Leaders dictate religious, political, judicial and cultural ideology.
- All non-Islamic freedoms (speech, etc.) are obliterated and non-conformists are persecuted and/or executed.
- Ethnic cleansing can occur in this stage so infidels must pay taxes to ensure their safety.
- Women must observe and strictly adhere to sharia law restrictions.
- Dar al-Islam is achieved.

Again, this radical, autocratic theocracy known as Islam, runs dangerously contrary to Western Civilization's tenets, laws, traditions, goals, practices and culture. It totally incompatible with Western Civilization, our Declaration of Independence and our Constitution.

SUMMARY

The House of Islam (Dar al-Islam) exists in over one-fifth of all recognized nations. Muslims view the rest of the world as being in the House of War - (Dar al-harb). Muslims consider these countries to be at war with them and with the will of Allah. So, per the Muslim point of view, these nations must be taken over and come under Allah.

Over the years too many Western leaders have turned a blind eye to Islamist advancement. They foolishly have increased immigration and, in the lame interest of being considered to be politically correct, have bought into Islam as a religion of peace instead of recognizing it as a radical autocratic theocracy. Western leaders have not sought to educate themselves regarding the true teachings of Islam, but instead, have remained dangerously ignorant. They therefore continue to make dangerous, foolhardy mistakes.

In 2010, Pew Research reported that out of 237 countries of the world, 118 had at least a two percent Muslim population. Specifically, the population breakdown is as follows:

Stage 5 Majority Muslim 52

Stage 4 20%-49% Muslim 12

Stage 3 10%-19% Muslim 14

Stage 2 5%-9% Muslim 16

Stage 1 2%-4.5% Muslim 24

Since 2010 the number of Muslims globally has increased from 347 million people to 2.0 billion people. By 2030 nearly 30% of the world population will be Muslim. This growth has emboldened the ummah global movement. So while Muslim incursion into various countries, and most especially Western countries like the U.S., has followed the same five stages, Muslims have accelerated their progress with much lower population percentages. U.S. states like Texas, Minnesota and Michigan already are in Stage 3 despite their having only a two percent Muslim population.

Why? Because we foolishly make it so easy for them to advance their conquest. For example, Texas Governor Abbott declared the Muslim Brotherhood and its sister organization CAIR as terrorist organizations. Yet the Texas state government still gave the Muslim community \$13 million in aid. Such foolhardy and contradictory actions only help the Islamist push to take over.

An Expanded View of the Texas Example:

- The Texas state government gave \$13 million to Islamist mosques and community groups despite their grantee organizations being open advocates of Hamas and the Iranian regime. Issue3(16MAR2026)

- Texas citizens voted 1.9 million votes to 100,000 votes to outlaw sharia law, yet sharia law still is practiced in certain areas of the state and nothing is done to stop it.
- CAIR is in the process of rewriting American textbooks to eliminate concepts like the Mayflower Compact and any reference to Christianity. Muslims also are demanding currently that our U.S. history declare and state that the Alamo was erected in honor of Allah.
- All Muslim holidays are celebrated in public schools and some rooms are dedicated to Islam with prayer rugs, while Bible reading and Christian prayer are disallowed. What once were called Christmas and Easter vacation are now called winter and spring break by our education system.

SO WHY IS MUSLIM TAKEOVER PROCEEDING SO EASILY AND AT SUCH AN ACCELERATED RATE IN OUR COUNTRY, AND, EVEN MORE REMARKABLY, IN SUCH A "RED" STATE LIKE TEXAS?

DEMOCRAT OFFICIALS WANT TO WIN MUSLIM VOTES SO THEY ALLOW AND ENABLE THE ISLAMIST INVASION TO CONTINUE. MEANWHILE, THE MAJORITY REPUBLICAN OFFICIALS, TOO AFRAID OF BEING LABELED RACIST OR ISLAMAPHOBIC, REMAIN UTTERLY FECKLESS AND TOO POLITICALLY CORRECT TO REMEDY THE SITUATION.

THE ENEMY, THEREFORE, IS CONSTANTLY ACCOMMODATED AND ENABLED BY OUR OWN ELECTED AMERICAN "LEADERS."

SO WHAT CAN WE, THE AMERICAN PUBLIC, DO?

STAY IN TOUCH WITH YOUR ELECTED OFFICIALS. CALL THEIR OFFICES TO VOICE YOUR OPINION AND TO MAKE THEM KNOW YOU ARE AWARE OF THEIR ACTION OR INACTION.

PRIMARY OUT THE OLD GUARD ALONG WITH EVERY RINO AND ELECTED OFFICIAL WHO HAS BETRAYED YOUR VALUES AND OUR COUNTRY'S VALUES TO FAVOR HIS/HER BIG DONORS' VALUES.

VOTE FOR CHANGE TO SAVE OUR REPUBLIC AND TO KEEP IT AS IT WAS FOUNDED AND AS WE KNOW IT. VOTE IN THE 2026 MIDTERMS. VOTE CONSERVATIVE GOP CANDIDATES AND ENSURE VOTER TURNOUT IS TOO BIG FOR THE DEMS TO RIG THE ELECTION AGAINST US.
