### **NO MORE REPUBLICANS AND DEMOCRATS** **JUST NATIONALISTS AND GLOBALISTS**

#### **The Roberts Court Fiasco**

The Supreme Court's 2010 ruling in *Citizens United v. Federal Election Commission* opened the floodgates of unrestrained, unlimited donated election funds from donors, corporations, labor unions and other outside groups. The Court said that limiting how much corporations and other outside groups could spend on elections was restricting their "free speech," and thereby violated their First Amendment rights.

Lower courts backed the SCOTUS in limiting election fundraising and spending. They claimed that the fundraising and spending was detached and independent of any candidate. This myopic if not bogus point of view of both SCOTUS and the lower courts resulted in Super PACs. Going forward, while these PACs claimed to be independent of candidates, more and more they aided and supported specific ones.

Justice Arthur Kennedy doubled down on this absurdity by claiming unlimited campaign financing equals free speech. What was Kennedy smoking? Not only can Super PACs raise unlimited money, they can raise "dark money" from places like China. This money then flows to Super PACs through suspect NGOs that don't disclose their donors.

THE RESULT: This 2010 ruling created massive increases in political spending from outside groups, which in turn handed over control of the government both to the very rich and to foreign powers.

Super PAC money hit a record \$2.7 billion in 2024. During the 2022 midterms only 21 of the biggest donor families contributed \$783 million. Billionaires during that same time provided 15 percent of all federal election financing. Most of the money went to Super PACs. Dark money expenditures increased from \$5 million in 2006 to over \$1 billion in 2024. Care to guess which candidates got the bulk of the dark money?

### **The Democrat Party.**

#### **Intended Consequences**

The way this new system plays out: whereas Congress needs its constituents every two to six years for votes, these elected “representative” in reality answer to big donors.

So, we no longer have a representational democracy any more than we have Democrats and Republicans. Congress now is made up of Globalists and Nationalists. Those who fall to the pressure of wealthy donors and the far fewer who don't: Democrats all and weak RINO Republicans.

Here are the facts:

- On average, in-state contributions to House members amount to 60% of their donations; out-of-state contributions 40%. In the Senate, on average, in-state contributions are 34%; out-of-state contributions 66%. Of the 533 Congressional members at the time, the mean amount of contributions from big donors was 93%, just 7% from small donors.
- These big donors, corporations and unions keep the pressure on Congressional members with over 13,000 registered lobbyists and 100,000 underground lobbyists.
- Throughout the Biden years, the Senate was 49% Republican and the House 51% Republican. Nevertheless, based on their voting records, Globalists consisted of 69% of the Senate and 65% of the House.
- Of the top 12 critical issues for Republican voters, including immigration, crime, the Ukraine War and others, over 70 percent of Republican representatives voted against their voters' wishes or did nothing to stop legislation to the contrary.
- Donors and lobbyists now control Congress: wine and dine the politicians and often write legislation for them.

Globalists pursue the impossible dream: a global government with a global financial system which they can control in perpetuate. While they provide the money to affect this condition, their destructive accomplices are the Islamists and the communists. They form the Communist-Islamist-Globalist Coalition (CIG).

**So why bother voting at all come November? If we don't, here's what we'll get:**

- ***Election Integrity:*** Democrats (the CIG) want no investigation into State election practices both during the 2020 election or any elections.
- ***Illegal immigrants or U.S. Citizens:*** Democrats (the CIG) want open borders, illegal aliens to vote and why? To develop a replacement society of low-waged, ill-informed people who will be obedient to the Government and vote Democrat every time.
- ***Mass Deportation:*** Democrats will ensure that mass deportations will cease and H1b visas will survive, all at the expense of American citizens.
- ***The Economy:*** Federal spending will grow even faster because Democrats don't care if it appeals to the poor class that votes for them. They have no appreciation for the vulnerability of the U.S. dollar made worse by inflationary federal spending. Just like they hoodwinked African Americans in large cities, Democrats will win unwavering support from illegal aliens.
- ***Health:*** Democrats go back to endless children's vaccines, harmful and often unnecessary drugs, along with sugar and processed foods in children's diets.
- ***Islam creep:*** The Congressional Islamist Caucus with its 35 House Republicans will cease. Islamists will continue to belly-punch the U.S. through education: K – College to indoctrinate students into forgetting about American history, viewing the U.S. as an oppressor nation, and replacing the Christian God with Allah and Sharia law with the Constitution.

*Issue4(16APRIL2026)*

- ***Street crime:*** will rise again as the National Guard will be removed from cities and lenient attorneys general will release criminals, especially illegal aliens. Further, the governors of states with crime-ridden cities will vie for the 2028 Democrat presidential nominee.
- ***Lawfare:*** Trump will be impeached and his colleagues illegally investigated by a duplicitous Deep State.
- ***Due Process:*** Democrats denied due process for January 6 misdemeanor criminals but steadfastly persecute Tina Peters for doing her legitimate job. CIG people will get off regardless of crimes committed. Conservatives will be prosecuted and persecuted to the hilt and accountability for Russiagate and the 2020 stolen election will be squelched.
- ***War:*** The U.S. will continue to kowtow to China, make amends with Iran and let forever wars fester.
- ***DEI and Racism:*** Islam, DEI, CRT, white supremacy and socialism will dominate American classrooms K – College a la Obama's Common Core.
- ***Transgenderism and Boys in Girls' Sports:*** This trend will reemerge big time as doctors will be allowed to perform surgeries with impunity and the damage to American children will accelerate.

LIKE 'EM OR NOT, WE MUST VOTE FOR REPUBLICANS. WE KNOW THE ABOVE POINTS ARE WHAT THE DEMOCRATS WILL DO IF THEY GET BACK IN POWER. WHILE TOO MANY RINO REPUBLICANS ARE GLOBALIST-INDEBTED, THEY ARE MORE RELUCTANT TO FOLLOW THESE RADICAL CIG-IMPOSED DEMOCRAT PRINCIPLES.

VOTE FOR THE CANDIDATE WITH THE LEAST AMOUNT OF CAMPAIGN FINANCING. WHILE THEY, TOO, ARE SUBJECTED TO BIG DONOR AND LOBBYIST FINANCING, THE GOOD ONES TEND TO STAY IN LINE THE LONGEST AND DO THE RIGHT THING.
