WHY THE DEMOCRAT PARTY NEVER WILL EMBRACE AMERICAN REPRESENTATIONAL DEMOCRACY

The Democrat Party just proved, once again, that they never will embrace American representational democracy when they refused to pass the **SAVE AMERICA ACT**. Despite the over-whelming majority of American voters, including a super majority of Democrat voters and a majority of minority voters, being in favor of proving citizenship when registering to vote and showing a picture I.D. when actually voting, the Democrat Party said, "NAY." So why did the Democrats vote against the American citizenry?

While they pretend to advocate for the poor and oppressed, the Democrat Party is heavily funded by elite globalist oligarchs. Elite globalist oligarchs want cheap labor. The Democrat Party does its best to furnish the cheap labor by supplying them with illegals, whose wages severely undercut those of the American worker, and who will help perpetuate this game rigged against the American citizen by continually voting Democrat.

Democrat Party financial support and obligated votes follow the oligarchs' money and bow to their demands which guarantees they never will embrace our form of representational democracy nor legitimately work on behalf of the poor and oppressed. And so, the Democrat Party has voted down the **SAVE AMERICA ACT** which would go a long way to help protect against the dilution of our citizens' votes by helping to ensure only American citizens were casting their votes.

For over 20 years, Democrats have orchestrated one version of modern day slavery after another, one "Plantation" after another. The Democrat Party, via its strongly progressive bedrock, quietly pursues aristocracy while it presents a disingenuously duplicitous veneer of "democracy."

The five Plantation models since slavery ruled the South, (Plantation 1), all have had the same common denominator: power maintained solely by white supremacist Masters who control obedient, dependent serfs.

Take a look.

The Van Buren Plantation - Plantation 2

To save the slave Plantation, Martin Van Buren created the Democrat Party in 1826. He called it "democracy" or "Democrats." This party was meant to unite Northern and Southern Democrats to preserve southern slavery. If slavery were to fail, Van Buren believed new, poor immigrants could be exploited just as the slaves had been on the plantations. Van Buren's Plantation was the Ethnic Urban Machine, (EUM). It ran from 1880 through the 1940s.

- EUMs - all run by Democrats - primarily were funded by wealthy businessmen and industrialists who needed and sought political favors. The political machine leaders targeted new poor ethnic groups (Irish, German, etc.,) coming to America during the Industrial Revolution. Everyone from governors to local politicians was in on the scam: give new immigrants a modicum of welfare for their allegiance to the Democrat Party to help ensure they remained in the cities.
- EUM's assisted the newcomers in becoming naturalized citizens by giving them money to pay the required fees.
- EUMs supplied immigrants with ballots that already were filled out for the Democrat ticket. The EUMs then ordered the immigrants to "vote" multiple times during the day, thereby effectively stuffing ballot boxes for Democrat candidates -their benefactors.

The Wilson-Roosevelt Plantation -Plantation 3

Democrat President Woodrow Wilson, America's most racist president, was pro-Aryans - German white supremacists. He believed that African-Americans were not capable of governing themselves democratically. So during Wilson's term Democrats adopted eugenics - survival of the fittest and created white supremacy. Wilson used several tools to advance "white supremacy and racism." These tools were:

- Expansion of the Ku Klux Klan, (KKK), nationally to intimidate African-Americans, burn their churches, etc..
- Democrat state legislatures all passed Jim Crow laws to segregate schools, buses, trains, hospitals, water fountains, etc. and to designate which ones were to be used by whites and which ones were to be used by blacks.
- Wilson had immigration laws passed to ban people from South Asia, the Middle East and the Far East as well as implementing restrictive immigration laws to limit Catholics and Jews.
- Wilson ensured the Democrat south passed laws prohibiting interracial marriages.
- Wilson instituted Planned Parenthood, which in turn petitioned the government to set up a code "for the better distribution of babies...to protect society against the propagation and increase of the unfit."
- Democrat President Franklin D. Roosevelt replaced the EUMs with Communist based labor unions. He replaced local Democrat Parties with the President as the "national

boss," or head of the party. It is important to note that both Nazi Hitler and fascist Mussolini praised FDR for replacing democratic principles with Nazi-fascist programs.

Democrats and Republicans Switch Sides

In 1956 the U.S. Communist Party announced they wanted to take over "at least one of the U.S. political parties." Twelve years later they created chaos at the Democrat Party convention. Four years subsequent to that upset, the U.S. Communist Party quietly accomplished their 1956 announced goal and took over the Democrat Party. The transition made perfect sense: both parties wanted strong leaders controlling a very indebted and equally obedient society.

Conversely in 1968, Richard Nixon used the chaos at the 1968 Democrat convention to win that year's presidential election. Nixon ran on "law and order," the bedrock and lynchpin of American democracy. This tactic smartly won the election but sadly lost the war.

From that time to the present day the Democrat Party has used "law and order" against Republicans. This strategy was particularly and effectively used by Barack Obama. Leaning heavily on racism, Obama split the country between whites, who were labelled supremacist oppressors, and minorities, who were painted as the forever oppressed. The police became maligned as the very worst of the oppressors.

Republicans were demonized as racist white supremacists while the Democrats were glorified as color blind benefactors who welcomed all minorities, be they home grown or imported. Obama saw the opportunity to capitalize on immigration and he seized it.

Obama pretermitted the customary performative rhetoric that always spouted, "illegals must be deported." He supplanted it with the position that the not so bad and the good should be able stay. To backstop his position, Obama relaxed and restricted our immigration laws to create a huge new wave of immigrants. Under the Obama/Biden regimes the Democrat Party benefitted from a massive increase in their voting base, while they piled on the moves from the dirty playbook in their former Plantation model to vilify Republicans as being racist, Nazi and anti-democratic.

The Johnson Great Society - Plantation 4

In 1965 Democrat President Lyndon B. Johnson launched the War on Poverty and the Great Society. Under these plans, African-Americans and other minorities would receive cradle to grave government support and assistance: public housing, food stamps and medical care. The number of children in the household determined how much money that household was allotted.

Johnson's plan further made it more lucrative if no husband/father were living in the household. The foreseeable end result was single women started having larger families, very often fathered

by more than one man. With Uncle Sam as the Great Sugar Daddy, any/all incentive to work was obliterated. Johnson, therefore, had succeeded in substantially expanding the Demo-crats' dependent underclass voting base.

- Johnson's War on Poverty and his Great Society simultaneously annihilated the previously stable African-American family while they created massive government over spending. Since the inception of these two programs our government has spent over \$22 trillion on anti-poverty programs while completely failing to decrease the rate of poverty in this country.
- From 1976 through to today, 90 percent of American cities have been run and controlled by Democrats who collectively have incurred over \$1 trillion of debt. Under Democrat leadership our American cities also have experienced significant increases in crime to include murder, man-slaughter, robbery and aggravated assault. The majority of this crime is committed by African-Americans and very often is black on black crime in the neighborhoods the Democrats have decimated by destroying the African-American nuclear family.
- Our government has the highest per student education ex-penditure in the world. Our average per student expenditure is \$13,000. Despite this serious financial allotment, students in 13 out of 39 Baltimore high schools failed to score as proficient on the state's math exam and tested out with an illiteracy of over 50%.
- Democrat state and local government officials relentlessly oppose beneficial business-wise policies such as lower taxes, less regulation, business investment incentives, and strong law enforcement. Insead, they take the diametrically opposed position to succesful business and rely heavily on state and federal funding.
- The dismal end result of all of the above: African-American youth, along with other minorities, see themselves as oppressed victims, their future as hopeless, and their only way out to any form of success or power as coming only through the protection and power of membership in violent street gangs. The majority of African-Americans, along with other minorities, nonetheless, continue to vote Democrat and remain trapped on the Democrat Plantation. It would seem the Democrat Plantation strategy continues to work.

Barack Obama's Age of Multiculturalism - Plantation 5

Barack Obama's Age of Multiculturalism (Pantation 5), was discussed in depth in Issue 4. I will not revisit this Plantation in detail this week but quickly will summarize as a review.

- The 1965 Immigration Law brought an endless surge of immigration to our country.
- Each president since had promised to close the border and to deport illegals.
- Obama, however, made no such promise because he wanted to use this influx of immigrants to broaden the Democrats' voter base.
- Obama restricted enforcement of immigration law to deport only the worst criminals while he simultaneously actively encouraged the influx of migrants.
- Obama blamed Republicans for stalling immigration and labeled them as racists and white supremacists.
- Obama then pushed "inclusivity" and individualized cultural identity to discourage and thwart assimilation, thereby lowering American excellence and threatening American sovereignty.

Conclusion

- Democrats have violated our immigration laws to enable 15 million unvetted immigrants enter our country. Now they refuse to cooperate with ICE in deporting them.
- Democrats will not fund the Department of Homeland Security (DHS).
- Democrats refuse to pass the **SAVE AMERICA ACT** because it would demand proof of citizenship when registering to vote and a photo I.D. when actually voting. I.E. - they won't be able to cheat with illegal votes.
- Reminiscent of Van Buren's EUM, Democrats want un-limited numbers of unvetted migrants dependent on them for welfare, etc., to ensure a large Democrat dependent voter base.
- During the first five Plantations, Democrats systemically stripped away American "rugged individualism." They stole it from the African-Americans through slavery and from the poor whites through minimal welfare. Now Democrats dangle 'guaranteed income' from our bank-rupt U.S. Treasury in Plantation 5. Here people will not have to work or pursue individual exceptionalism, the pre-vius hallmark of our American culture and economy.
- To make the transition to the final Plantation - Artificial Intelligence - Democrats have pushed transgenderism as the bridge to Plantation 6 - Transhumanism.

- Democrats always previously claimed the Plantation was good for both master and slave because it provided the inferior being with protection and sustenance.
- Democrats claimed the EUM was good for immigrants because it provided a place to live and the opportunity to become Americans.
- Democrats used the Great Society to establish it was better to live off the dole than to depend on a working self-reliant nuclear family.
- Democrats ignored their authorship of racism and used their own sinful creation to smear Republican adversaries.
- Now in their last and final Plantation 6, Transhumanism, Democrats speak of "abundance" while they claim it is best to own nothing, to live off a godless government, and to waste time through lavish technological largess.

With the added boost of the Communist-Islamist-Glo-balist coalition, the Democrat Party has accelerated its aristocracy agenda. Each time they have modified their model, they claim their changes are made strictly for the common good. But, in effect, they have encouraged the demise of American human beings through vaccines and poor quality food while they prepare for the American citizen's replacement, first with ill-informed slave migrant labor and the Hi-B visa crowd. With the advent of AI, however, these groups will be supplanted with the "highly productive" cyborgs - robots or cross humans.

In the end, Americans not only will be changed physically and mentally, but also in heart and soul as well.

IF YOU LIKE THE DEMOCRAT APPROACH AND PLAN, THEN STAY HOME AND DO NOT VOTE IN THE MIDTERMS.

IF, ON THE OTHER HAND, YOU WANT TO LEAVE OUR FUTURE GENERATIONS THE SOVEREIGN REPUBLIC WE ALL KNOW AND LOVE AS THE UNITED STATES, THEN VOTE A STRAIGHT REPUBLICAN TICKET IN NOVEMBER.
